Dear Mr. Eliacin:

On behalf of the New York City Council, I would like to extend our deepest thanks for your selfless service to our city following the September 11, 2001, terrorist attacks.

In joining the brave men and women from throughout our city, and across the nation, who brought their skill and compassion to the rescue, recovery and clean-up operations at Ground Zero, you embody the heroism of those who gave so much of themselves when this nation was most in need.

Of course, the enormous tragedy that was 9/11 did not end when the last fire was extinguished, or when the debris was finally cleared away.

Many first responders, such as yourself, have been severely impacted by disabling 9/11-related medical conditions.

The City Council is proud to stand with you in every effort to preserve all the healthcare supports and compensation you and your fellow first responders need and deserve. It is the right and honorable thing to do.

Thanks again for being there for our city and nation. Those we lost, and those who risked their lives, on 9/11 will always have a lasting place in our hearts.

Sincerely,

A handwritten signature in black ink, appearing to read "Melissa".
